DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7 are allowed.

The following is an examiner's statement of reasons for allowance: The allowability of the claims resides, at least in part, that the closest prior art of record **Aiuchi et al. (US 2003/0023454 A1)** does not disclose or suggest, alone or in combination the step of:

Regarding independent claim 1, **checking whether a predetermined transmission condition is satisfied or not, and for, only when the transmission condition is satisfied, transmitting the operating condition data of said driving mechanism section accumulated in said user-side operation data storing means to said manufacturer management apparatus, in a data form of an electronic mail,** in combination with the other elements and features of the claimed invention.

As for independent claim 2, **checking whether a predetermined transmission condition is satisfied or not, for, only when the transmission condition is satisfied, generating transmission data based on the operating condition data of said driving mechanism section accumulated in said user-side operation data storing means, and for transmitting the generated transmission data to said manufacturer management apparatus, the transmission data having a configuration in which a data element identifier defining an item relating to the operating condition of said driving mechanism section is related to the operating**

condition data corresponding to the item, in combination with the other elements and features of the claimed invention.

As for independent claim 6, **consumption degree transmitting means for monitoring at any time whether the consumption degree data stored in said consumption degree data storing means exceeds a predetermined reference value or not, and for, when the data exceeds the reference value, transmitting information of the consumption degree in the form of an electronic mail to said manufacturer management apparatus**, in combination with the other elements and features of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
